COVID-19 SAFETY GUIDELINES

Please be advised that we are taking every safety precaution possible and our staff will be following all social distance guidelines during all photo shoots:

These are the following steps we are providing to improve photo session safety protocols on Picture Day:

- Students are required to wear masks unless they are being photographed.
- We sanitize chair surfaces before and after the photo session.
- Our staff will have hand sanitizer available
- Our Staff will have No-Touch thermometers.
- Anyone with a temperature over 100.2 will be asked to leave the photography area.
- Our staff will sanitize all graduation gowns between sittings
- Our staff will be wearing face protection
- Photographers will be required to carry essential sanitization items with them at all times.
- All surfaces, photo props and equipment will be disinfected throughout the day.
- Our staff will follow new posing and social distancing requirements to ensure a safe and comfortable picture day.

These new processes follow the guidelines and recommendations written by the Center for Disease Control (CDC), U.S. Department of Health (HHS), and Occupational Safety and Health Administration (OSHA) standards related to COVID-19.

We are looking forward to get behind our cameras again soon to see your smiling faces!

Please Note: Photography safety protocols may change based on new or revised recommendations from local and national government agencies.
